IGROWKER
Institute for Systems Architecture

AGILE DIGITAL PRODUCT PRACTITIONER™ (CADPP™)
IGROWKER ISA

Issued in Delaware, USA
March 2026

CERTIFIED AGILE DIGITAL PRODUCT PRACTITIONER

This certifies that

Antonio Lafuente López

Backend Developer

Has successfully completed and passed the Certified Agile Digital Product Practitioner™ (CADPP™) program at the Igrowker Institute for Systems Architecture, fulfilling a total academic workload of 75 hours of hands-on training and successfully passing two formal evaluation stages. Throughout the program, has demonstrated competencies in the assigned role for collaborative work within a multidisciplinary team, task management, the application of Agile Methodologies, and active contribution to the development of a software product with integrated artificial intelligence, within a professional environment oriented toward engineering and systems thinking.
